### Profile

As a recent School of Code bootcamp graduate with an electrical testing background, I'm looking to apply my combined practical and soft skills to a new role in the tech industry.

I have a love of problem solving as well as a strong desire for personal and professional growth and development, and I am continually striving to improve upon and add to my current skillset.

### Skills

#### Front-End Development

(HTML5, CSS, JavaScript ES6, React.js)

#### Back End Development

(python, node.js, Express, PostgreSQL)

#### Git/Github

#### Agile Methodology

#### Scrum/Kanban

#### Team Skills

### Professional Experience

#### Trainee Full Stack Developer,

*School of Code*

Sep 2022 - Feb 2023 | Birmingham, England

Intensive bootcamp learning Full Stack Software Development skills.

My time with School of Code has been invaluable to my personal and professional development and I have experienced a massive amount of growth both in terms of practical skills and interpersonal/teamworking skills.

#### EET Tester, *Guardian Electrical*

Aug 2021 - Sep 2022 | Leeds, England

Responsible for representing the company, visiting clients places of business and carrying out testing thoroughly and efficiently. Customer service skills were essential as well as being consistently punctual and reliable. Highly autonomous role.

#### Freelance Video Editor and Photographer

Aug 2019 - Aug 2021 | Coventry, England

Responsible for editing and production of high quality videos and photographs for clients. This role required working knowledge of Adobe Creative suite and Final Cut Pro, as well as the ability to organise and manage large volumes of files, meet deadlines and work independently.

#### Business Owner - Online Store

Sep 2017 - Sep 2018 | UK

I learned a lot about web design, colour psychology, running ads on social media, sales funnels, marketing, research and lead generation.

#### EET Tester, *UK Safety Management*

Sep 2016 - Dec 2020

Warwickshire, England

Responsible for representing the company, visiting clients places of business and carrying out testing thoroughly and efficiently. Customer service skills were essential as well as being consistently punctual and reliable. Highly autonomous role.
